FOREWORD

The first artist collaboration project, hosted by Archomas, happened way back in 2020 (back when World of Magic was still in development!). Since then, the community of Arcane Universe fan-artists have been growing alongside Vetex's game development journey—from Arcane Adventures, Adventure Story, World of Magic, and now, Arcane Odyssey. Occasionally, some community members step up to bring together the fan-artists to create a community project—often referred to as “collabs”. These events have been an important part of the Arcane Universe fan-artist community.

Despite all the chaos and changes that come with time, I have faith that the fan-artist community wouldn't come to an end anytime soon. With the idea of archiving these collabs that only came to me recently, I decided to create **Arcane Zine Project**: a place where the fan-projects revolving around Arcane Universe can be archived and displayed from now on.

Existence, internet, and art may exist for a brief moment in history—but it doesn't hurt to try to make things last longer, to make things matter, and to make things exist. These small moments of existence make up together a richer human experience that we can all experience.

ABOUT

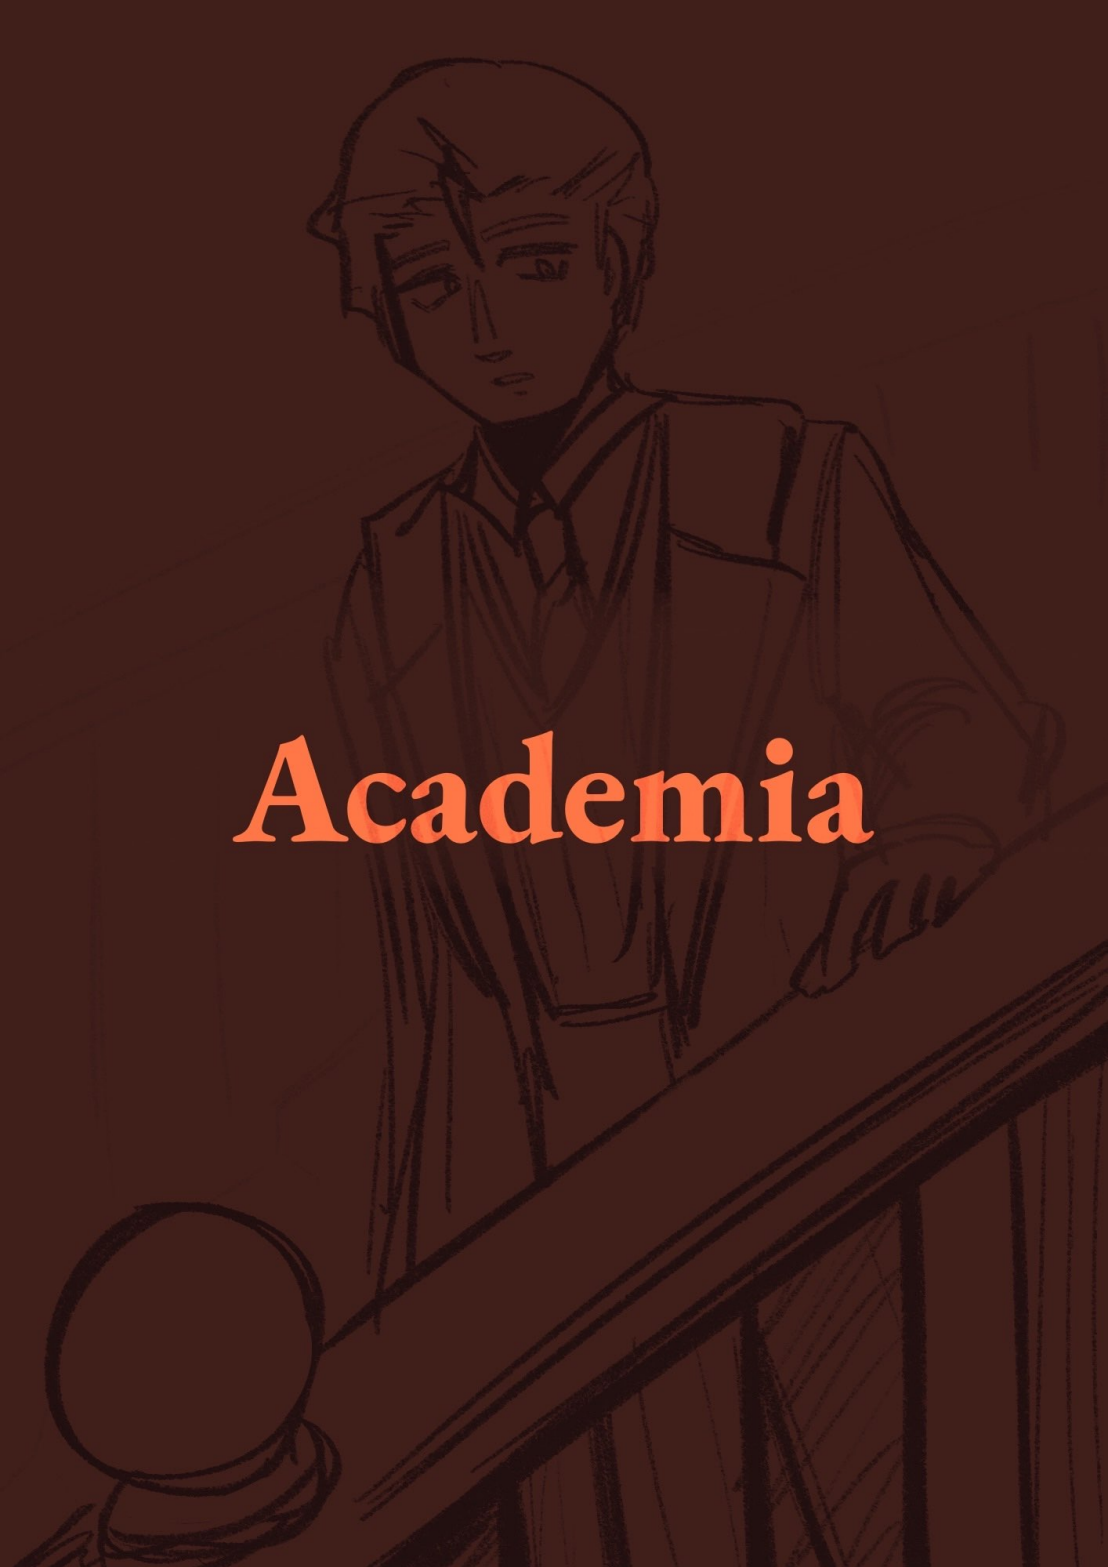

Arcane Fashion Zine marks the first official project after the (fairly recent) creation of Arcane Zine Project. This zine is themed around Arcane Odyssey characters—OCs and NPCs alike—in different fashion styles. Its contents are divided into 5 fashion styles: **Academia**, **Cottagecore**, **Streetwear**, **Traditional**, and **Formal**.

After a few months of the fan-artists coordinating and creating their wonderful artworks, this digital zine finally comes together—all ready to be archived, displayed, enjoyed, shared, downloaded, and revisited.

I am deeply grateful for every artists who spent time creating their artworks for this zine, allowing this final zine to happen. This wouldn't have existed without you all.

I hope you, the reader, will enjoy this fruit of Arcane Odyssey fans' artworks! Thank you so much for reading (and downloading/sharing)!

It's really been an *odyssey*.

A dark, moody illustration of a man with a beard and long hair, wearing a suit and tie. The man is looking slightly to the side with a serious expression. The background is dark and textured, with some faint lines suggesting a setting. The word "Formal" is overlaid in a bold, red, serif font in the center of the image.
